I3 Contact Information

Hi there!

I'm Samar Saie,

A graphic designer specializing in impactful visual identities and a Flutter developer skilled at transforming designs into functional apps. From logos to user interfaces (UI), I approach every project as an opportunity to tell your brand's story through unique, visually striking, and purpose-driven design.

Let's turn ideas into reality.

University of Applied Science & Technology

Associate Degree in Art Culture & Graphic Design (*2004 – 2006*)

My *Designs*

[Back to Main Page](#)

Logo Design for Cafe

I created a café logo and custom typography system that maintains readability of the Persian word 'قهوة' (cafe) while achieving visual harmony with Latin characters, and incorporates a stylized coffee bean design element.

Logo Design for BeeHouse

I created the BeeHouse logo by blending the word 'bee', architectural house motifs, and hexagonal honeycomb structures.

Print and Design for Nanofoamtech

Designed the layout and print production for Nanofoamtech's product catalog, ensuring high-quality output.

Photography & Layout Design for Vala Moda Cataloge

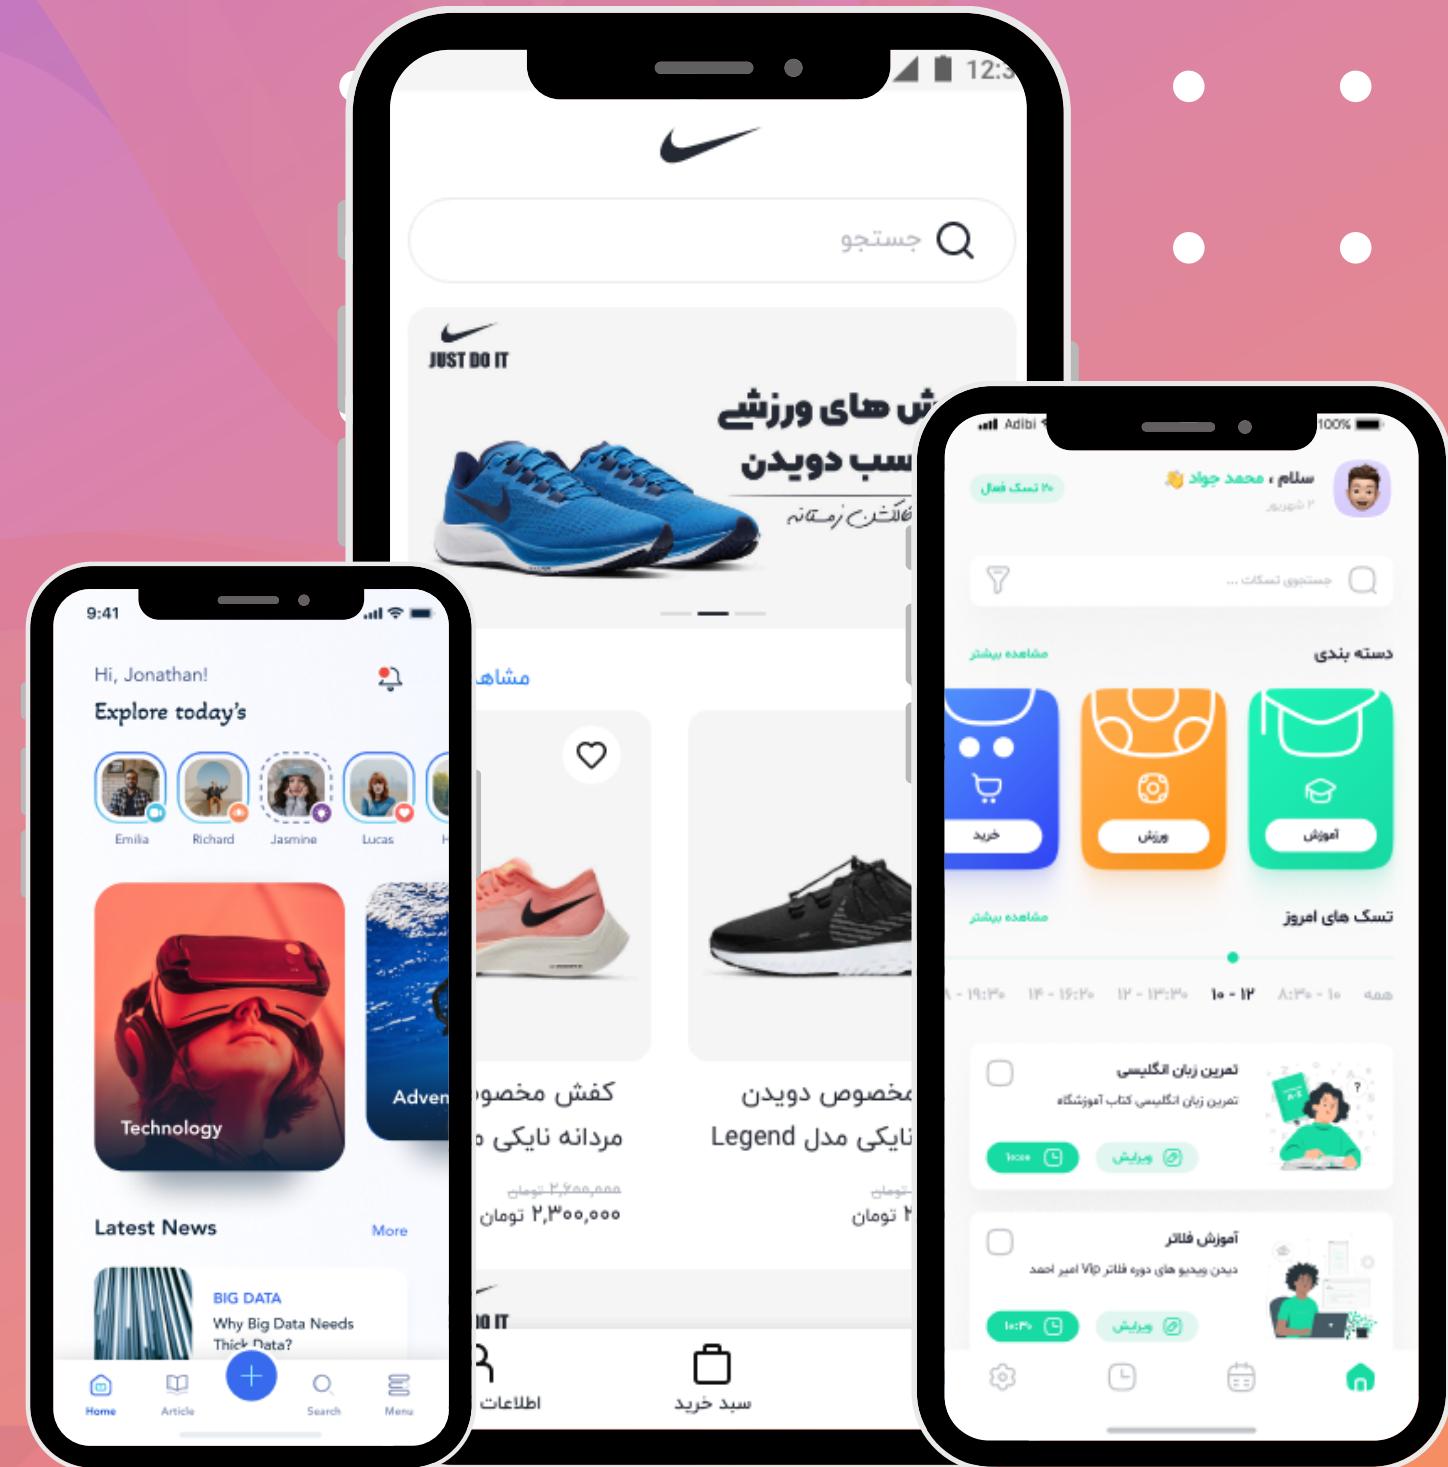

Promotional Stand & Poster Design for Bili Complex

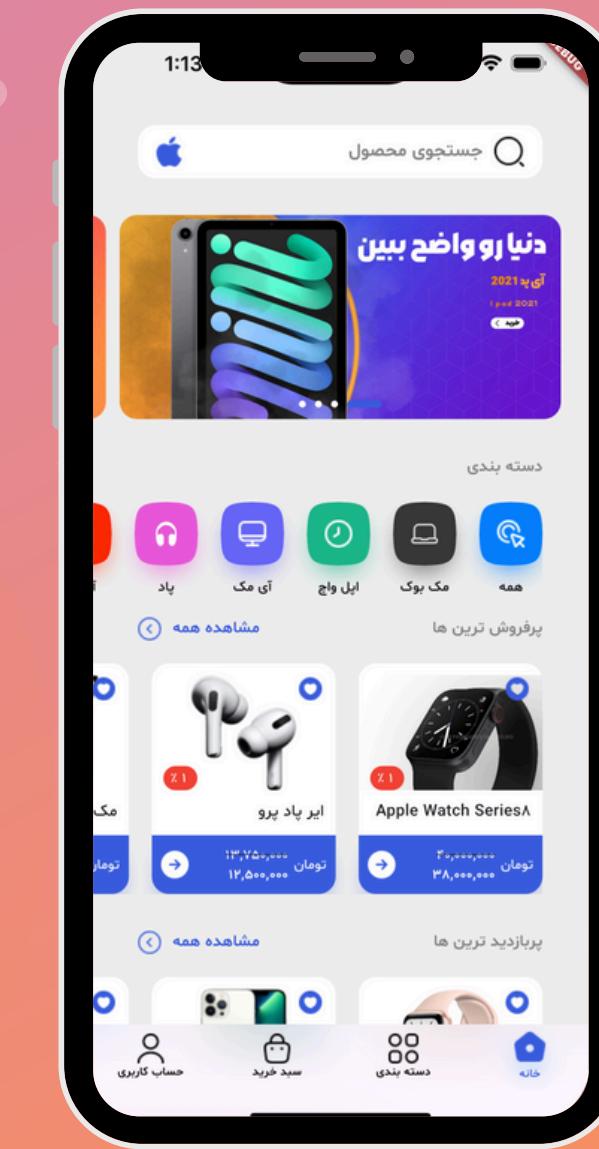

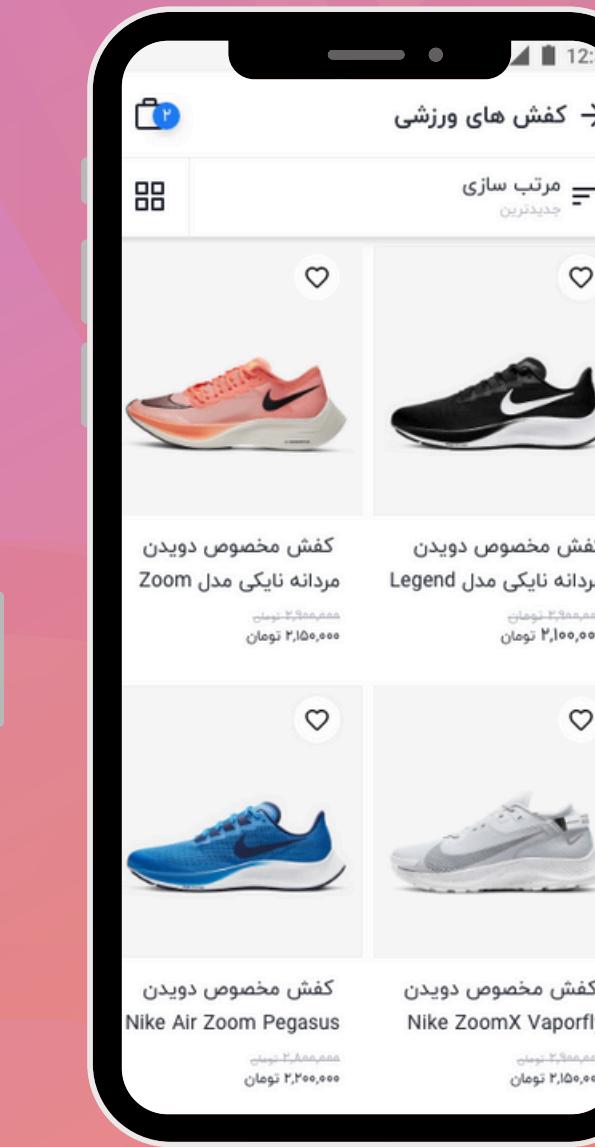

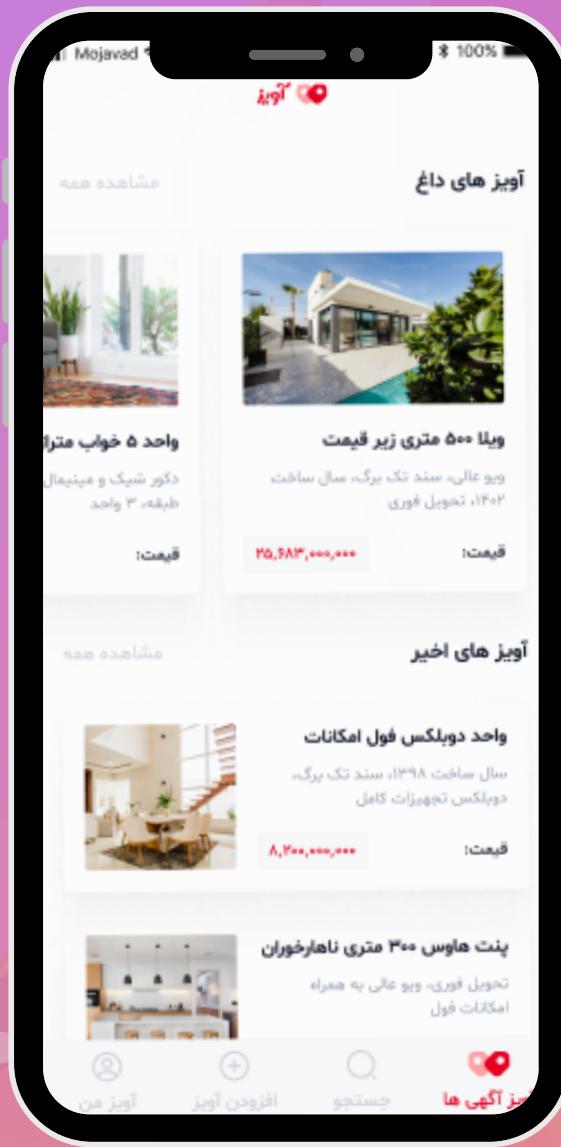

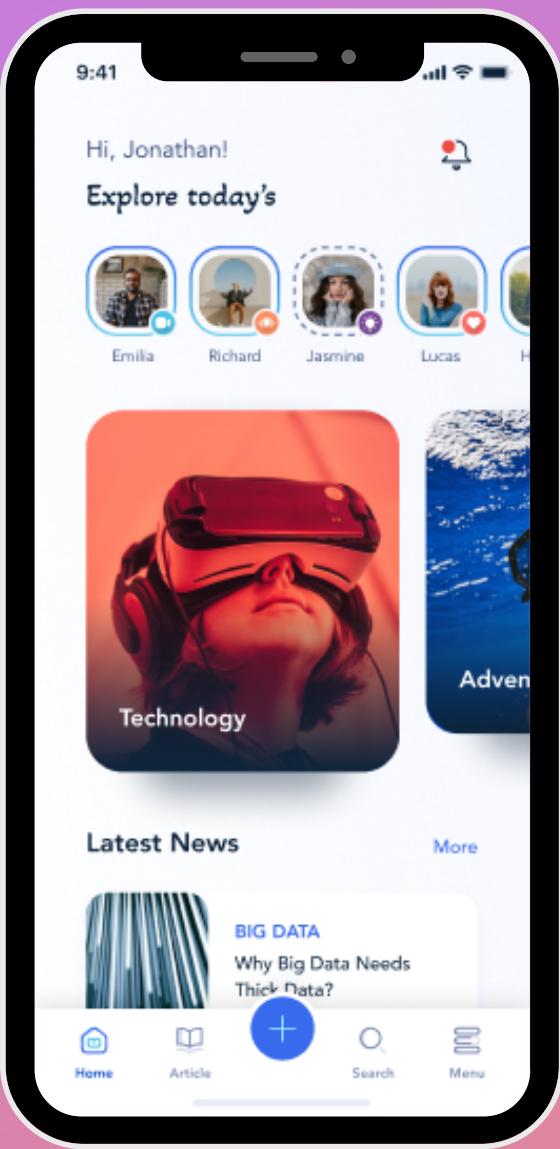

Promotional Flyer
